Bespoke wooden items

If DIY isn't for you, or you don't have the time to make something, our **workshop builds beautiful wooden items out of our reclaimed timber**. Everything is made to your exact measurements, and we provide delivery and installation if needed.

Each commission also **supports our day service for adults with learning disabilities, autism, mental health, and dementia**, Reseiclo Training. Service users (Trainees) take an active part in creating commissions, learning basic woodworking, gaining confidence, self-esteem, and preventing social isolation.

If you would like to enquire about a bespoke item, please come into our workshop Tuesday-Thursday, call Mike on 01633 856622 (option 2), or email reseiclotraininglimited@gmail.com.
